

## beautystrips™

### STAY BEAUTIFUL WITH THE BEAUTYSTRIPS™ SYSTEM

Used as recommended, the Mask and Serum are two separate elements of the BeautyStrips™ system that combine to amplify the timeless beauty and youthful energy that lives inside each one of us. Antioxidants protect against free radicals to produce glowing, healthy skin. All-natural moisturizing agents protect the skin from harmful UV rays and visibly reduce fine lines and wrinkles. A proprietary blend of natural ingredients smooths the skin's texture by diminishing pore size and reducing age spots, resulting in a firmer, more youthful appearance.

The most powerful way to love your skin is now available in the world's smallest spa.

## beautystrips™ | mask

The BeautyStrips Mask stands out in an age of thoughtless mass production. Beginning with a genuine base of pure, naturally sourced seaweed, more than 1300 hours of care go into every mask. Seaweed is known to be rich in minerals, nutrients and calming elements that help to soothe, smooth, nourish and hydrate your skin along with the proprietary blend of ingredients we put into every mask. Used consistently as recommended with the BeautyStrips System, the BeautyStrips Mask can reduce pore size and help your skin to naturally shed the impurities, toxins and dead cells that contribute to loss of moisture and elasticity. Each time you use the BeautyStrips Mask, you're doing something loving for yourself, nourishing your skin and allowing your true youthful energy and unique inner beauty to shine through.

The 31 ingredients used in this unique mask are designed to help lift, tighten, reduce impurities and tone skin. These ingredients have many other skin benefits such as antioxidants, moisturize and helping to reduce the appearance of wrinkles, as well as improve overall look and feel of the skin.

### Benefits

- Improve the look and feel of skin
- Brightening
- Deep Moisturizing
- Skin Nourishment
- Skin Cell Improving
- Improves Skin Cell Barrier
- Helps reduce the appearance of pores
- Skin Transparency Improving
- Absorption & Removal Pore/Dead Skin Cell Impurities

## beautystrips™ | serum

BeautyStrips Serum completes the BeautyStrips System to keep your skin feeling soft and looking youthful. Used as recommended in combination with the BeautyStrips Mask, BeautyStrips Serum bathes your skin in calming, soothing antioxidants and nutrients that reduce sagging, minimize the appearance of wrinkles and help revitalize your skin's natural firmness and elasticity. What makes this powerful, natural effect possible is the exclusive, patent-pending ingredient Telagenex-5 (form of cycloastrogenol) at the core of our proprietary serum formulation. Using the latest in peptide science significantly increases what's known as viscoelasticity, quickly penetrating deep into your skin cells so that they can thrive as nature intended. You'll love the results as your true inner beauty is set free from the damaging effects of our modern world. BeautyStrips Serum is designed to lift, tighten and improve the overall look and feel of your skin. With our unique peptide blend along with an exclusive ingredient that has a proprietary rights and patent pending that help to create dramatic results.
